5 sections 34 villages - 25 with no system at all

Caption:

Not working: pump problem and/or no water all year long.

Seasonal: provides water but not all year long (<=3months dry)

Not finished: construction started but site not finished

Pump type: K = Kardia; IM2 = India Mark 2; PB = PBMark; IN = Inka

Users Committee presence of a Committee of Users

Pump CareTaker.: a person trained to maintain the pump

Tools Spare Parts are available in the community

Money contribution is done by the community for maintenance

6 sections 37 villages - 25 with no system at all

Caption:

Not working: pump problem and/or no water all year long.

Seasonal: provides water but not all year long (<=3months dry)

Not finished: construction started but site not finished

Pump type: K = Kardia; IM2 = India Mark 2; PB = PBMark; IN = Inka

Users Committee presence of a Committee of Users

Pump CareTaker.: a person trained to maintain the pump

Tools Spare Parts are available in the community

Money contribution is done by the community for maintenance

5 sections 113 villages - 94 with no system at all

Caption:

Not working: pump problem and/or no water all year long.

Seasonal: provides water but not all year long (<=3months dry)

Not finished: construction started but site not finished

Pump type: K = Kardia; IM2 = India Mark 2; PB = PBMark; IN = Inka

Users Committee presence of a Committee of Users

Pump CareTaker.: a person trained to maintain the pump

Tools Spare Parts are available in the community

Money contribution is done by the community for maintenance

15 sections 64 villages - 33 with no system at all

Caption:

Not working: pump problem and/or no water all year long.

Seasonal: provides water but not all year long (<=3months dry)

Not finished: construction started but site not finished

Pump type: K = Kardia; IM2 = India Mark 2; PB = PBMark; IN = Inka

Users Committee: presence of a Committee of Users

Pump CareTaker.: a person trained to maintain the pump

Tools Spare Parts: are available in the community

Money contribution: is done by the community for maintenance

5 sections 88 villages - 19 with no system at all

Caption:

Not working: pump problem and/or no water all year long.

Seasonal: provides water but not all year long (<=3months dry)

Not finished: construction started but site not finished

Pump type: K = Kardia; IM2 = India Mark 2; PB = PBMark; IN = Inka

Users Committee presence of a Committee of Users

Pump CareTaker.: a person trained to maintain the pump

Tools Spare Parts are available in the community

Money contribution is done by the community for maintenance

6 sections 80 villages - 48 with no system at all

Caption:

Not working: pump problem and/or no water all year long.

Seasonal: provides water but not all year long (<=3months dry)

Not finished: construction started but site not finished

Pump type: K = Kardia; IM2 = India Mark 2; PB = PBMark; IN = Inka

Users Committee presence of a Committee of Users

Pump CareTaker.: a person trained to maintain the pump

Tools Spare Parts are available in the community

Money contribution is done by the community for maintenance
